

Trivial Game

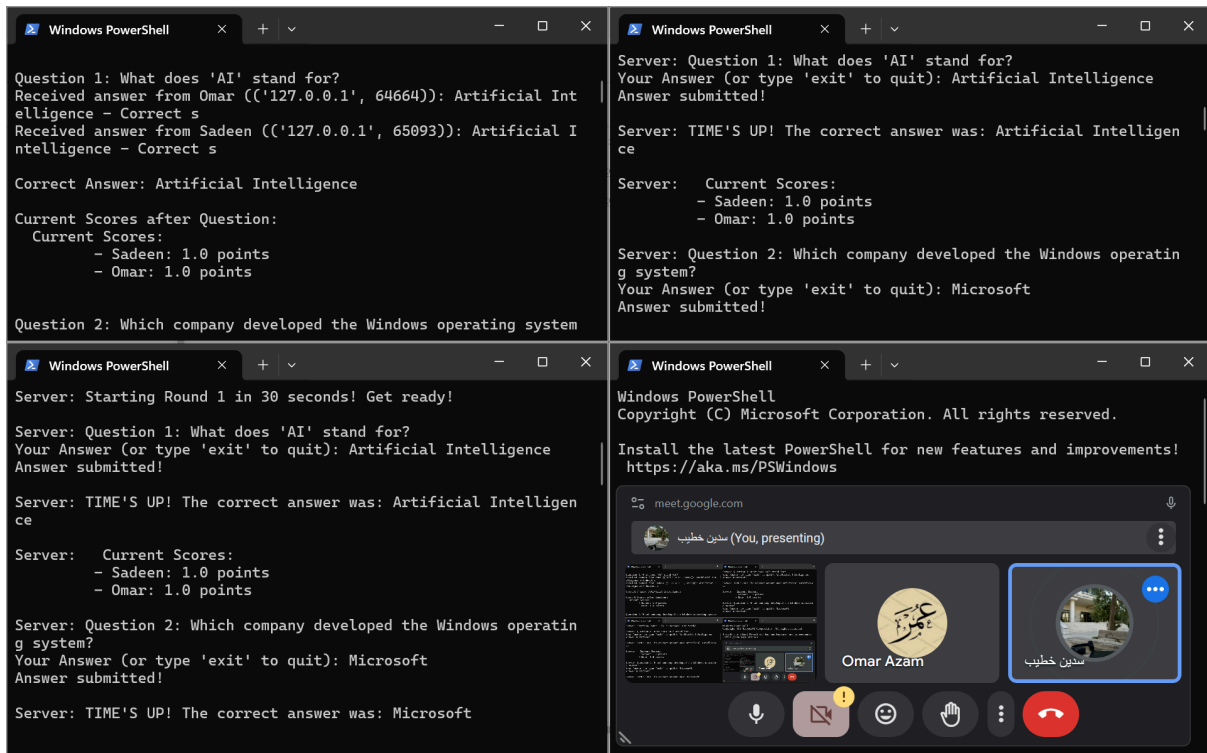

First, to start the game there should be at least 2 players. Sadeen joined the game then omar.

Start game after 30s.

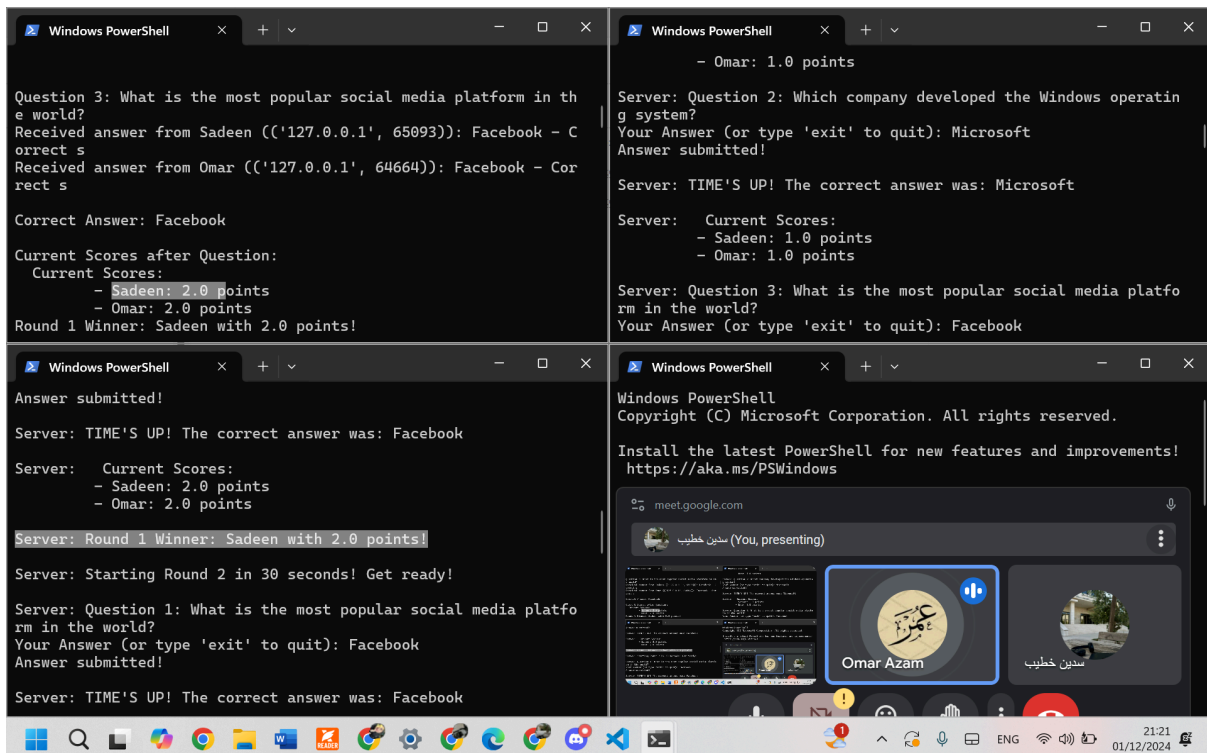

Round 1 starts, Sadeen and Omar submit correct answers For Question 1.

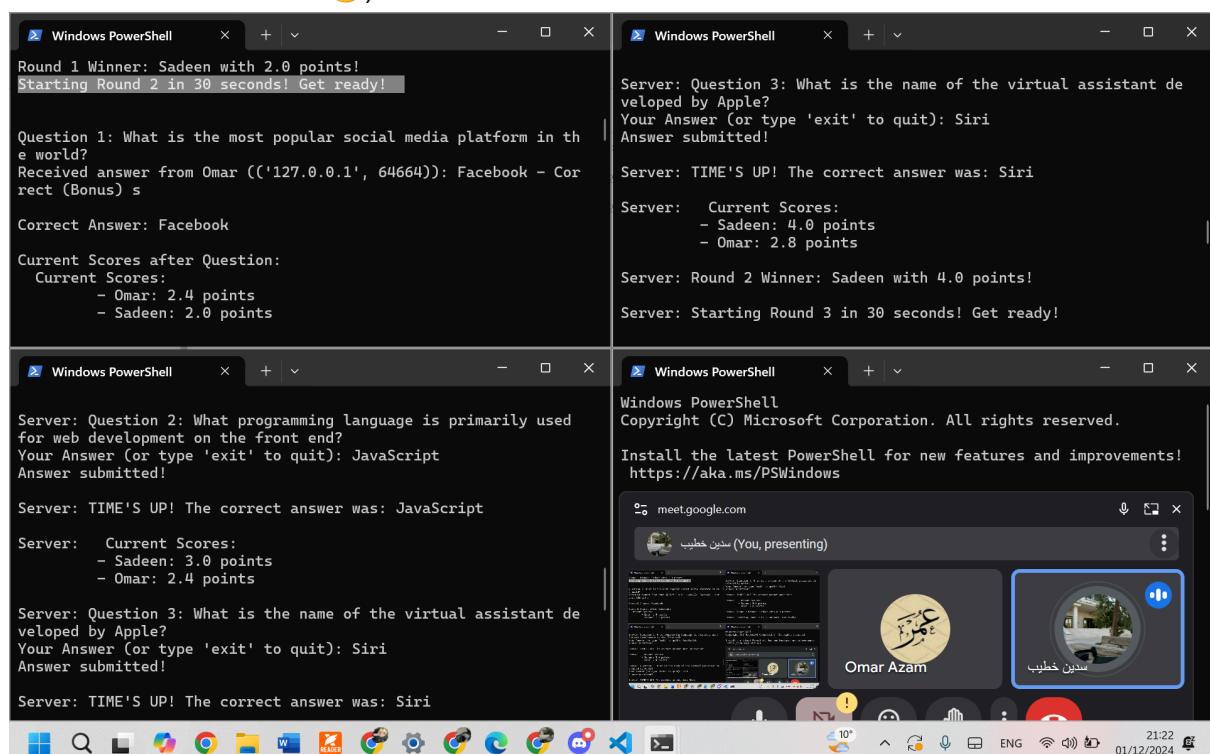

For Question 2, no answers were correct then the points remain the same.

Next to Question 3, correct answers from two players until the points reached two points for each player.

After three questions, Round 1 finished and Sadeen was the Winner! and Round 2 started..

In Question 1, Omar answered in 10s so he earn a bonus (+0.4)
It must become 3.4 Not 2.4 (I noticed it after screenshots, but it's done in the code, i was added 0.4 instead of 1.4 😊) It's ok.
